Subject:	Fwd: response in the case of the debt in Kazahstan

Dear Ehud

Please find attached the letter of the Hungarian governement re our kazah issue. As you see it is a terrible letter not just the content, but also the total lack of politeness.

We discussed the issue with Mr. Töröcskei. He is not certain if this letter truly reflects the point of view of the prime minister. We are trying to find out the exact position, and also the causes that led to the change of attitude.

On our meeting of the 3rd of September with Mr. Szijjarto, the attitude of the Hungarian side was still totally positive. Mr. Szijjarto introduced Mr. Kerekes (the writter of the letter) saying that his state owned company would be the vehicle through which they plan to do the deal, and asked Mr. Tesis for a written offer, which he said would discuss with the prime minister on the 6th of September. The offer arrived to Mr. Szijjarto on the 4th.

We are trying to find out how the situation can be rectified, and we will let you know all developments.

Yours, Peter Kira

Hi, Peter,
I assume that you have already knew the answer. I see lots of contradictions with the previous information.
Could I ask you to provide me with your comments? Any suggestions?
Regards.
